

# A message from the President

*E-learning is a technological tool that enables us to overcome barriers and which answers fully to our training needs.*

*We are thrilled to take a big step forward in sharing knowledge which will undoubtedly makes us stronger.*

*Specific subjects built with the delegates from our members countries are still to come to develop the platform.*

*With no further due, we turn towards our youth to help them learn, learn and learn some more.*

*See you soon on the platform !*

## E-LEARNING PLATFORM

- Instructions

This catalogue is to be developed and added to with the participation of FIEA's members associations.

## Pass Purchase

To access the e-learning platform, you need to be a member of one of the FIEA's members association and have an access code.

To purchase an access code, you need to reach out to the FIEA delegate in your association, who will take the necessary next steps. Once your purchase made, you will receive a LOGIN and a PASSWORD equivalent to the number of passes you have purchased as well as an invoice which is a warrant of the training.

Each pass purchased is worth 30€ and allows you to complete 5 courses/quizzes over 12 months.

## Automatisation

The FIEA is working to automate the purchase of passes directly from the FIEA website, via online payment.
